Why Cloud With Us?

Henson Group is Microsoft's #1 Azure Cloud Solutions, Generative AI, and Managed Services Provider

Generative AI | Licensing | Managed Services | Consulting

Henson Group excels in delivering a full spectrum of Microsoft Services, encompassing Licensing, Azure, and Modern Work solutions. As a distinguished Azure Expert MSP, we provide unparalleled expertise in SAP+ integration, data modernization, cybersecurity, and Generative AI. Our comprehensive services are designed to enhance your technology infrastructure, driving innovation and efficiency through the strategic use of Microsoft Solutions.

We pride ourselves on our Generative AI Mastery and our status as an Azure Expert MSP that holds all Microsoft Azure Solution Designations. Our support for SMBs and corporations is unparalleled, with 24/7/365 support, including unlimited Microsoft Premier support plans, ensuring operational continuity with our mature, efficient cloud IT management.

CYBERSECURITY

We possess unparalleled knowledge and experience in OpenAI technologies, making us your trusted partner for leveraging the full potential of artificial intelligence.

DATA MODERNIZATION

Henson Group is a 6x Microsoft Partner of The Year and holds multiple Microsoft-certified competencies, including the exclusive Azure Expert MSP endorsement.

GENERATIVE AI

Our unwavering commitment to exceptional customer service has resulted in industry-leading Net Promoter Scores (NPS). We prioritize your needs and tailored solutions that precisely align with your requirements, ensuring your utmost satisfaction.

SAP+ AZURE SOLUTIONS

Our cloud architects provide quarterly reports with automated assessments, cost analysis, and improvement recommendations, helping you save costs and enhance security.

Industry Expertise & Customer Support

We ensure the best pricing, continuous security, and cost reviews, along with quarterly cost savings and security assessments. Our certifications, along with compliance with critical regulations, affirm our commitment to the highest security and management standards. Our broad industry expertise and exceptional customer experience, reflected in our industry-leading NPS scores, make us the transformative partner for comprehensive cloud and AI solutions.
